amd64, r24000, crypto_sign, keypair time, key size, excerpt for NIST Post-Quantum Cryptography Standardization Project

Horizontal axis: Time (cycles) to generate a public key (crypto_sign_keypair).
Vertical axis: Space (bytes) for a public key (crypto_sign_PUBLICKEYBYTES).

"T:" means that the SUPERCOP database does not list constant time as a goal for this implementation.

[Diagram of performance metrics with various algorithms listed and their corresponding time and space values.]
