The image contains a graph with the horizontal axis labeled as Message length, bytes, ranging from 0 to 40960, and the vertical axis labeled as Time, cycles, ranging from 0 to 81920. The graph shows performance data for various cryptographic algorithms and hash functions, such as "knot512", "knot384", "knot256v2", and "drygascon256". The SUPERCOP database does not list constant time as a goal for this implementation.
